

CRYORAPPLY

AI CV REVIEWER

ALEXANDR AN
KONSTANTIN SHEVTSOV
MIKHAIL MAKARCHUK
MAKSIM PINCHUK

An abstract graphic on the left side of the slide, consisting of multiple overlapping, flowing, ribbon-like shapes in shades of blue and white, creating a sense of motion and depth.

PROJECT IDEA

CryorApply is an AI-based CV reviewer

- The app helps students and beginner job seekers improve their CV
- Users upload a CV and receive feedback before applying for jobs or internships

Main goal:

- make CV improvement easier
- give clear suggestions
- help users create stronger CVs

PROBLEM AND SOLUTION

Problem:

- Many beginners do not know how to write a strong CV
- CVs may have weak structure, poor formatting, or unclear skills
- This can reduce interview chances

Solution:

- Upload CV file
- AI analyses the CV
- User receives score, feedback, and improvement tips

TEAM ROLES

Alexandr An

Team Lead / Backend Developer

coordination, GitHub, backend API, CV upload

Konstantin Shevtsov

AI & Testing Specialist / Frontend Developer

AI prompts, testing, frontend integration

Mikhail Makarchuk

Frontend Developer / UI/UX Designer

UI design, upload page, result page

Maksim Pinchuk

Backend Developer / Data Integration

PDF/DOCX extraction, Supabase, storage

HOW THE SYSTEM WORKS

- User uploads CV file
- Backend validates the file
- Backend extracts text from PDF/DOCX
- AI analyses the CV text
- Backend formats the feedback
- Frontend shows score and suggestions

Simple workflow:

Upload CV -> Extract Text -> AI Review -> Show Feedback

CURRENT PROGRESS

- Repository created
- README and documentation updated
- Team roles updated
- System design updated
- Mind map updated
- API documentation added
- AI prompt documentation added
- Frontend prototype created
- Backend skeleton created

PROTOTYPE

FRONTEND PROTOTYPE

- CV upload section
- Workflow preview
- Sample score
- Feedback cards

BACKEND PROTOTYPE

- FastAPI server
- Health check endpoint
- CV review endpoint
- Mock AI feedback

NEXT STEPS

- Connect frontend with backend
 - Add real PDF/DOCX text extraction
 - Connect AI API
 - Add Supabase authentication
 - Store CV files and review results
 - Test full workflow
 - Prepare final demo and documentation
- 
- Abstract wavy lines in a light gray color, flowing from the bottom left towards the top right, creating a sense of movement and modern design.

A flowing white fabric, possibly a flag or a piece of cloth, is shown on the left side of the image. It is draped and folded, creating a sense of movement. The background is a solid black, which makes the white fabric stand out. The lighting highlights the texture and folds of the fabric.

**THANK
YOU**
